

## International conference on Application of Lasers in Manufacturing

17-18 October, 2019 | Bombay Exhibition Centre, Mumbai

### About the conference:

Application of lasers in manufacturing has been consistently growing over the years and this growth is further fuelled by the development of more powerful, cost-effective and industrially lasers. **CALM 2019 conference** is designed to cover all aspects of laser processing of materials from macro to micro/nano levels, with clear emphasis on applications. **CALM 2019** is being concurrently organised with **LASER World of PHOTONICS INDIA** as a platform to not only listen to lectures in the conference but physically see the laser systems and interact with experts from different companies. All industrial sectors ranging from automotive, energy, aerospace, defence, electronics, oil & gas, medical etc. will have takeaways from the deliberations.

### Objective:

- Gain insights on the recent developments in the Laser application industry
- Connect with key industry stalwarts and enhance the networking channels
- Contribute towards an interactive face-to-face platform
- Enhance knowledge on laser applications through extensive discussions

### Who should attend:

- Engineers and managers from any industrial sector involved in manufacturing processes
- Laser processing professionals looking for new technology developments in micromachining, cladding, hardening, welding, cutting, drilling, repair & refurbishment and metal additive manufacturing
- Laser system manufacturers and suppliers of components
- Researchers and students from academic and R&D organizations

## Agenda

Day 1	Time	Topics
Session 1	9:00 am - 11:00 am	Inauguration Program & Keynote Speech
Session 2	11.30 am – 1:30 pm	Laser Surface Engineering and refurbishment
Session 3	2:15 pm – 4:15 pm	Additive Manufacturing/3D Printing
Day 2	Time	Topics
Session 4	10.00 am – 11:30 am	Laser Micromachining
Session 5	11:20 am – 1:00 pm	Laser Joining
Session 6	1:20 pm onwards	Industrial Talks

## Registration for delegates

Registration fee	Early bird, till 30 Sep	After 31 Sep
Individual and corporates	INR 2000	INR 2500
Students	INR 1000	INR 1500
International participants	Euro 50	Euro 60
