

Name

Mr. M.Srinivas

Designation

Technical officer "B"

Qualification

B.Tech

Mechanical engineering

Experience

7 years experience in ceramic (green/ sintered) machining using 5-axis and Ultrasonic CNC machines, Design of dies for ceramic components and Development of SiC tubes for solar thermal applications and also gained expertise in CAD/CAM designing, modeling and NC programming using Delcam software

Research area of interest

Development of non-oxide ceramic components for structural, optical and solar applications
