

Name

Mr. M.Srihari

Designation

Technical officer "A"

Qualification

Diploma in mechanical engineering

Experience

Operation and mechanical maintenance , CVD, Sintering furnace, CIP, and Hot press, 1500 T hydraulic press reaction bonded and pressure-less sintered silicon carbide for mechanical seals and wear parts, titanium silicon carbide composites for wear resistance applications

Research areas of interest

Development of boride, carbide, and nitride based non oxide ceramics for structural, optical and solar applications.
